WELL-BEING TREATMENTS
Your reconstruction with almond and jojoba oil

Choose your treatment with a nourishing and moisturizing oiling.
Strength and life for your hair with the precious ingredients of Almond and Jojoba oil.

SWEET ALMOND OIL

It deeply nourishes and restructures hair fibre.
It is an oil obtained with cold pressing, and contains emollient, nourishing and refreshing properties.

Suitable for all skin types, and great on dry skin.

Protect your HAIR also at home.
Choose products that are petrolatum- and silicone-free, and use only plants
and flowers for the well-being of your hair.
Ask for the ideal treatment for your hair.

JOJOBA OIL, DEEP MOISTURIZATION

It intensely moisturizes and reconstructs thair fibre.
As it has a low triglyceride content, it is great on oily skin.

In order for the oil to keep all of its active properties intact, it is very
important to extract it with the cold pressing process.
